

IPFQR Program: Keys to Successful FY 2023 Reporting

Evette Robinson, MPH, CPHQ

Program Lead, Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program
Inpatient Value, Incentives, and Quality Reporting (VIQR)
Outreach and Education Support Contractor

Judy Wade, BA

Project Coordinator
Inpatient VIQR Outreach and Education Support Contractor

June 29, 2022

Purpose

This presentation provides inpatient psychiatric facilities (IPFs) and their vendors with the following information:

- Fiscal year (FY) 2023 IPFQR Program requirements for the upcoming August 15, 2022 data submission deadline
- Keys to successful data submission
- Guidance to verify data accuracy

Objectives

Participants will be able to:

- Summarize the FY 2023 IPFQR Program requirements.
- Successfully submit data by avoiding common submission errors in the Hospital Quality Reporting (HQR) system.
- Locate and access helpful IPFQR Program resources.

A Note on Patient-Level Reporting

This presentation does not address specific guidance regarding how the data requirement can be fulfilled via patient-level reporting (PLR). Details about this process and the impact of PLR of data on the FY 2023 Annual Payment Update (APU) determination will be addressed in a future webinar.

Webinar Questions

Please email any questions pertinent to this webinar topic to WebinarQuestions@hsag.com.

- Write “FY 2023 IPF Keys to Reporting” in the subject line.
- If your question pertains to a specific slide, include the slide number in the body of the email.

IPFQR Program: Keys to Successful FY 2023 Reporting

FY 2023 Reporting Requirements

FY 2023

IPFQR Program APU

To obtain the full APU for the FY 2023 payment year, an IPF must meet all IPFQR Program requirements by August 15, 2022, or be subjected to a **two-percentage point reduction** to their APU for FY 2023.

FY 2023 IPFQR Program Participation Requirements

- Pledge a status of “Participating” in the IPFQR Program Notice of Participation (NOP)
- Submit data for the following:
 - Hospital-Based Inpatient Psychiatric Services (HBIPS)-2, -3, -5
 - Substance Use (SUB)-2/-2a, -3/3a
 - Influenza Immunization (IMM)-2
 - Tobacco Use (TOB)-2/-2a, -3/-3a
 - Transition Record with Specified Elements Received by Discharged Patients and Timely Transmission of Transition Record measures
 - Screening for Metabolic Disorders (SMD)
 - Non-measure data
- Complete the Data Accuracy and Completeness Acknowledgement (DACA)

What about the HQR Security Official Requirement?

Per the FY 2022 IPF Prospective Payment System Final Rule, CMS removed the requirement to have an active HQR Security Official (SO) from the APU determination process for the IPFQR Program.

However, it is necessary for every facility participating in the IPFQR Program to designate at least one active SO. This ensures that someone has access to the *HQR Secure Portal* to meet the Program requirements.

To prevent interruption of *HQR Secure Portal* access, we encourage facilities to have at least two SOs. The process to create a new SO account may take four weeks. The FY 2023 IPFQR Program Guide, page 6, provides instructions. Download the instructions from the [QualityNet IPFQR Program Resources](#) page.

FY 2022 IPFQR Program Chart-Abstracted Measure Requirements

Measure	Reporting Period	Submission Deadline	Sampling Allowed *
HBIPS-2: Hours of Physical Restraint Use	January 1–December 31, 2021	August 15, 2022	No
HBIPS-3: Hours of Seclusion Use	January 1–December 31, 2021	August 15, 2022	No
HBIPS-5: Patients Discharged on Multiple Antipsychotic Medications with Appropriate Justification	January 1–December 31, 2021	August 15, 2022	Yes
SUB-2: Alcohol Use Brief Intervention Provided or Offered and SUB-2a: Alcohol Use Brief Intervention	January 1–December 31, 2021	August 15, 2022	Yes
SUB-3: Alcohol and Other Drug Use Disorder Treatment Provided or Offered at Discharge and SUB-3a: Alcohol and Other Drug Use Disorder Treatment at Discharge	January 1–December 31, 2021	August 15, 2022	Yes

*See Section 4: Population and Sampling Specifications, starting on page 103 of the *Specifications Manual for National Inpatient Psychiatric Facility Quality Measures*, for more details about sampling options specific to calendar year (CY) 2021 discharges.

FY 2022 IPFQR Program Chart-Abstracted Measure Requirements

Measure	Reporting Period	Submission Deadline	Sampling Allowed*
TOB-2: Tobacco Use Treatment Provided or Offered and TOB-2a: Tobacco Use Treatment	January 1– December 31, 2021	August 15, 2022	Yes
TOB-3: Tobacco Use Treatment Provided or Offered at Discharge and TOB-3a: Tobacco Use Treatment at Discharge	January 1– December 31, 2021	August 15, 2022	Yes
IMM-2: Influenza Immunization	October 1, 2021 – March 31, 2022	August 15, 2022	Yes
Screening for Metabolic Disorders	January 1– December 31, 2021	August 15, 2022	Yes
Transition Record with Specified Elements Received by Discharged Patients	January 1– December 31, 2021	August 15, 2022	Yes
Timely Transmission of Transition Record	January 1– December 31, 2021	August 15, 2022	Yes

*See Section 4: Population and Sampling Specifications, starting on page 103 of the *Specifications Manual for National Inpatient Psychiatric Facility Quality Measures*, for more details about sampling options specific to CY 2021 discharges.

IPFQR Program: Keys to Successful FY 2023 Reporting

Keys to Successful Reporting

Key #1: Access and Log in to the HQR System

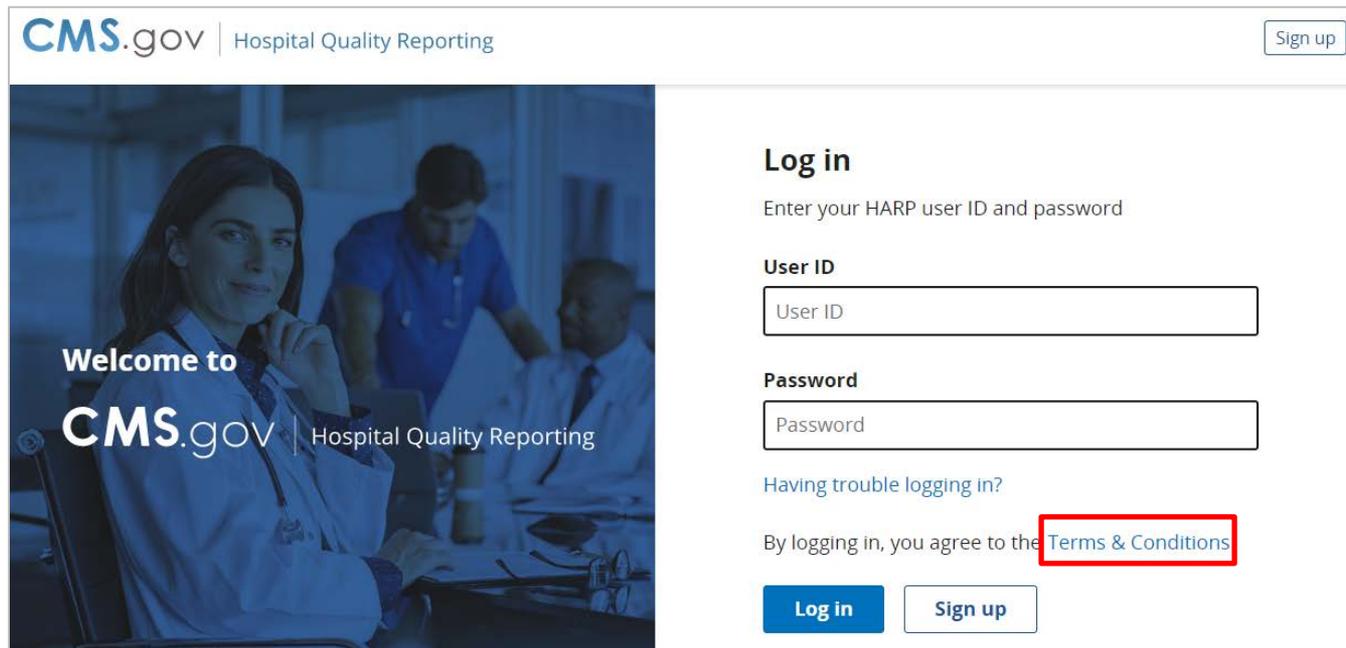

The HQR system is the **only** CMS-approved method for submitting IPFQR Program data and the DACA.

CMS **highly** recommends that all IPFs ensure at least two people with knowledge of the data can verify the accuracy of the data entered in the HQR system, even if a vendor enters the data.

Key #1: Access and Log in to the HQR System

You will need to log in to the HQR system.

1. Go to <https://hqr.cms.gov/hqrng/login>.
2. Enter your HARP user ID and password.
3. Click the hyperlink below the Password field to view the Terms & Conditions for accessing the HQR system.

CMS.gov | Hospital Quality Reporting Sign up

Key #1: Access and Log in to the HQR System

Once logged in, you will see the HQR landing page.

A screenshot of the HQR landing page. The page has a light blue header with a navigation menu on the left containing icons for home, mail, list, and folder. The main content area has a title 'The New HQR is Coming' and a paragraph of text. Below this is a section titled 'Here are some of the key features of the new Hospital Quality Reporting' with four columns of text. To the right of the main text is an illustration of a computer monitor with a blue interface, a keyboard, and a mouse, surrounded by various icons representing data and healthcare.

The New HQR is Coming

We are hard at work behind the scenes to modernize Hospital Quality Reporting. Over the next year you will see many exciting new features to help you execute your responsibilities faster, and with more confidence.

New! Check out the navigation on the left:

- ← All features and functions are now available in the navigation
- ← Tasks are clearly divided - move from one to another with ease

Here are some of the key features of the new Hospital Quality Reporting

<p>Intuitive Interfaces</p> <p>Intuitive interfaces means you always know where you are within the system.</p>	<p>Simple Submissions</p> <p>We've taken the guess work out of submitting data, via a file or a form. All from one central location.</p>	<p>Advanced Security</p> <p>Security & Access is now easy to manage with our new suite of Access tools. Effortlessly add or modify anyone's permissions.</p>	<p>Reliable Calculations</p> <p>Accurate data, with real-time validation. No second guessing. No more waiting.</p>
---	---	---	---

Key #2:

Have Two Active SOs

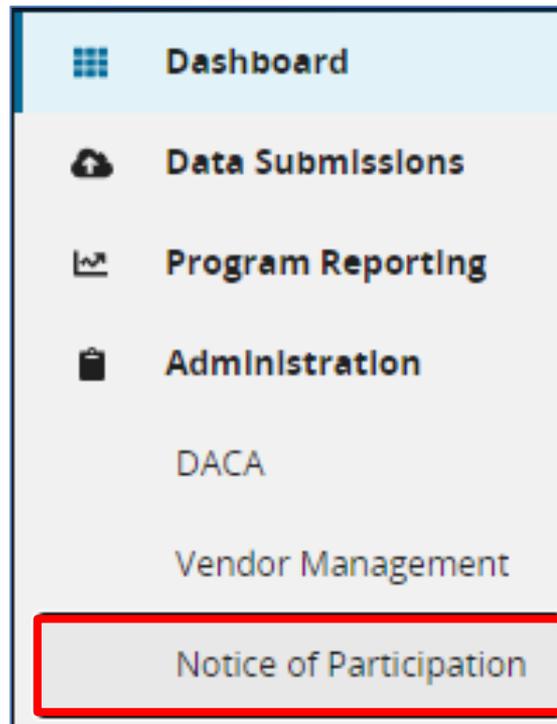

- A Security Official (SO) is a person in the organization who can grant HQR system access to those who need to enter, review, and confirm accuracy of the data submitted.
- It is necessary for every facility participating in the IPFQR Program to designate at least one active SO to ensure that someone has access to the *HQR Secure Portal* to meet the Programs' requirements.
- A second SO is highly recommended as a backup, to prevent interruption of *HQR Secure Portal* access in case the primary SO's account expires. The process to create a new SO account may take up to four weeks.
- You must log in to the HQR system at least once every 90 days to keep accounts active.
 - Consider putting a reminder on your calendar to log in every two months to avoid an inactive status so that your account remains active throughout the year.

If you are not sure of your SO status, contact CCSQ Support Central at **(866) 288-8914** or via email at ServiceCenterSOS@cms.hhs.gov for assistance.

Key #3: Manage the NOP

To access a facility's NOP:

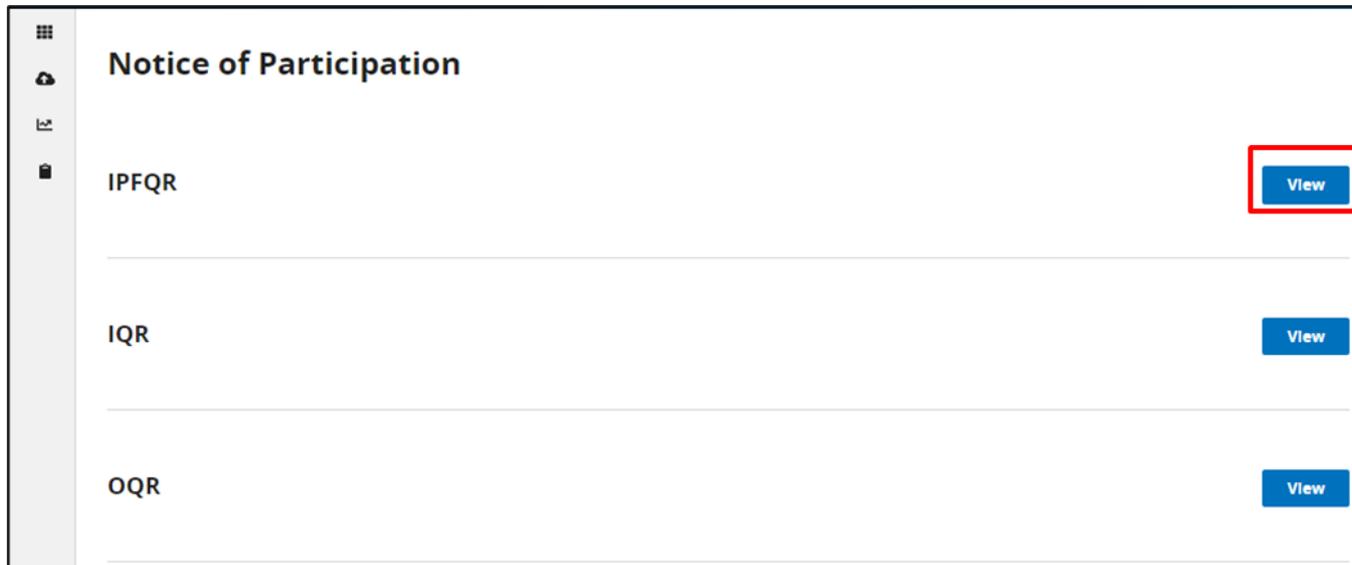

1. Log onto the HQR system.
2. Hover your mouse on the left side of the screen to expand the menu options. Click on Administration and Notice of Participation.

Key #3: Manage the NOP

If your facility participates in more than one quality reporting program, as shown in the image below, then you will have the option to view each program's NOP.

3. Click the View button on the IPFQR row.

Key #3: Manage the NOP

- If you are participating in the IPFQR Program for the first time, click on the Manage Contacts link in the last column of the table to enter the name and contact information for at least two contacts at your facility. They will receive any updates that occur with the IPFQR Program NOP.
- Click on the plus (+) sign next to the text Notice of Participation to review and sign the NOP.

< Notice of Participation

Notice of Participation

Export PDF

Inpatient Psychiatric Facility Quality Reporting (IPFQR)

⚠ Note: If you want to pledge, you must identify two contacts to receive notification of pledge changes

Fiscal Year ----	NOP Signed Not Pledged	Medicare Accept Date 08/12/2020	Summary Table View Summary Table	Organization Contacts Manage Contacts
---------------------	---------------------------	------------------------------------	---	--

+ Notice of Participation **⚠ Not Pledged**

- If the IPF closes or chooses not to participate, contact the IPFQR Program Support contractor at IPFQualityReporting@hsag.com to learn how to withdraw from the IPFQR Program.

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

- Compare this year's values to those submitted in previous years, where applicable.
 - Significant changes in values should invite closer review before finalizing submission.
- Measure values should always be reviewed by one or more person(s) familiar with the following:
 - Facility's operations
 - Facility's annual census
 - Facility's population
- Values that seem out of line with general expectations should be reviewed to verify accuracy.

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Parameters for the HBIPS-2 and HBIPS-3 Data Entry Pages

- Check the numerator data.
 - Ensure the **total number of hours** that all psychiatric inpatients were maintained in physical restraints (HBIPS-2) or seclusion (HBIPS-3) are entered for the numerator values.
 - **Do not** enter minutes or days.
 - Enter up to seven whole number digits and up to two decimal digits.
 - For example, the value can be as low as 0 or as high as 9999999.99.
 - If the value is zero, then entering a single digit of “0” is adequate (i.e., 0000000.00 is not necessary).
- Check the denominator data.
 - The HBIPS-2 and HBIPS-3 measures should have the same denominator values.
 - Ensure the **total number of psychiatric inpatient days** are entered for the denominator values.
 - **Do not** enter hours or minutes.
 - Enter up to six digits.
 - The denominator cannot be zero if the numerator is a nonzero number.
- Traditional rounding is allowed to the hundredth digit.
Two examples: $123.4567 = 123.46$ and $123.4531 = 123.45$

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Parameters for the Other Data Entry Pages

- For the HBIPS-5, SUB, TOB, IMM-2, Transition Record, and Screening for Metabolic Disorders measures:
 - Numerator and denominator data must be entered in whole number digits.
 - Enter up to five whole number digits for the numerator.
 - Enter up to six whole number digits for the denominator.
 - The denominator cannot be zero if the numerator is a nonzero number.
- Non-Measure Data/Population Counts:
 - All values must be entered in whole number digits of up to five digits.

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Tool to Assist with Identifying Questionable Data

The tool lists criteria to help IPFs identify the following types of questionable data:

- Entered in error
- Missing
- Invalid
- Exceeds normal parameters

If you have questions about your IPF's data in relation to these criteria, email us at IPFQualityReporting@hsag.com with "Measure Accuracy Question" in the subject line.

Criteria to Identify Questionable FY 2023 Measure and Non-Measure Data for the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program

The following criteria are provided to help IPFs identify measure data that may have been entered in error, may be invalid, or may exceed normal parameters by the August 15, 2022, deadline for fiscal year (FY) 2023 payment determination. If you find that your data meet one or more of the criteria listed below, CMS strongly recommends that you recheck the data for accuracy.

The criteria for identifying questionable HBIPS-2 and HBIPS-3 measure data include the following:

- Denominator values that are different from one another (i.e., not equal to the number of psychiatric inpatient days)
- Denominator values that are less than the Total Annual Discharges reported for the IPF
- Denominator values that are accidentally multiplied by 24, resulting in a value that represents patient-hours instead of patient-days
- Denominator values that are significantly different from previous submissions
- Denominator values that are mistakenly reported as the number of days in a calendar year
- Denominator values that exceed 365 times the total number of beds at the IPF

Note: The HBIPS-2 measure rate should not equal or exceed six (6) hours per 1,000 patient hours of care and the HBIPS-3 measure rate should not equal or exceed five (5) hours per 1,000 patient hours of care.

Criteria for the HBIPS-5, SUB-2/-2a, SUB-3/-3a, TOB-2/-2a, TOB-3/-3a, IMM-2, Transition Record with Specified Elements Received by Discharged Patients, Timely Transmission of Transition Record, and Screening for Metabolic Disorders measures are:

- The denominator is greater than the Total Annual Discharges.
- The numerator exceeds the denominator.

In the SUB-2, SUB-3, TOB-2, TOB-3, and Transition Record with Specified Elements Received by Discharged Patients measures, is the subset measure numerator greater than the primary measure numerator? For example:

- Check if SUB-2a is greater than SUB-2.
- Check if TOB-3a is greater than TOB-2.
- Check if Timely Transmission of Transition Record is greater than Transition Record with Specified Elements Received by Discharged Patients.

Two additional criteria for the Screening for Metabolic Disorders measure are:

- The absence of numerator and denominator Screening for Metabolic Disorders measure values for IPFs that report values for the HBIPS-5 measure.
- The Screening for Metabolic Disorders measure denominator value is smaller than the denominator value for the HBIPS-5 measure.

Criteria for the non-measure data are:

- The total number of discharges by Age Strata is greater than the Total Annual Discharges.
- The total number of discharges by Diagnostic category is greater than the Total Annual Discharges.
- The total number of discharges by Payer category is greater than the Total Annual Discharges.

If you have questions regarding the criteria described above as it pertains to your facility's data in the Hospital Quality Reporting System, send an email to IPFQualityReporting@hsag.com with "Measure Accuracy Question" in the subject line.

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Criteria to Identify Questionable FY 2023 Measure and Non-Measure Data

- Check the HBIPS-2 and HBIPS-3 measure denominator values:
 - Are they the same (i.e., number of psychiatric inpatient days)?
 - Are they less than the total number of annual discharges (as reported on the non-measure data entry page)?
 - Are they accidentally multiplied by 24, resulting in a value that represents patient-hours instead of patient-days?
 - Are they significantly different from previous years' submissions?
 - Are they mistakenly reported as the number of days in a calendar year (i.e., 365)?
 - Do they exceed 365 times the total number of beds at the IPF?
- The calculated HBIPS-2 measure values should not equal or exceed six (6) hours per 1,000 patient hours of care.
- The calculated HBIPS-3 measure values should not equal or exceed five (5) hours per 1,000 patient hours of care.

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Criteria to Identify Questionable FY 2023 Measure and Non-Measure Data

To avoid questionable data, denominator values for HBIPS-2 and HBIPS-3 are entered in the same data entry field.

HBIPS-2 and HBIPS-3
HBIPS-2: Hours of Physical Restraint Use and HBIPS-3: Hours of Seclusion Use

HBIPS-2 Numerator
* The total number of hours that all psychiatric inpatients were maintained in physical restraint

HBIPS-3 Numerator
* The total number of hours that all psychiatric inpatients were held in seclusion

Denominator
* Number of psychiatric inpatient days

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Criteria to Identify Questionable FY 2023 Measure and Non-Measure Data

Re-check your data for the measures below if:

1. The denominator is greater than the Total Number of Discharges.
2. The numerator exceeds the denominator.

- | | |
|--|--|
| <input type="checkbox"/> HBIPS-5 | <input type="checkbox"/> IMM-2 |
| <input type="checkbox"/> SUB-2/-2a | <input type="checkbox"/> Transition Record with Specified Elements Received by Discharged Patients |
| <input type="checkbox"/> SUB-3/-3a | <input type="checkbox"/> Timely Transmission of Transition Record |
| <input type="checkbox"/> TOB-2/-2a | |
| <input type="checkbox"/> TOB-3/-3a | |
| <input type="checkbox"/> Screening for Metabolic Disorders | |

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Criteria to Identify Questionable FY 2023 Measure and Non-Measure Data

Check the data for the measures below if the subset measure numerator is greater than the primary measure numerator.

- SUB-2
- SUB-3
- TOB-2
- TOB-3
- Transition Record with Specified Elements Received by Discharged Patients

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

Criteria to Identify Questionable FY 2023 Measure and Non-Measure Data

There are two additional criteria for the Screening for Metabolic Disorders (SMD) measure:

1. Values of zero for the SMD measure numerator and/or denominator for IPFs that report values other than zero for the HBIPS-5 measure
2. SMD measure denominator value is less than the denominator value for the HBIPS-5 measure

Key #4: Prepare Data and Verify Accuracy Prior to Submitting

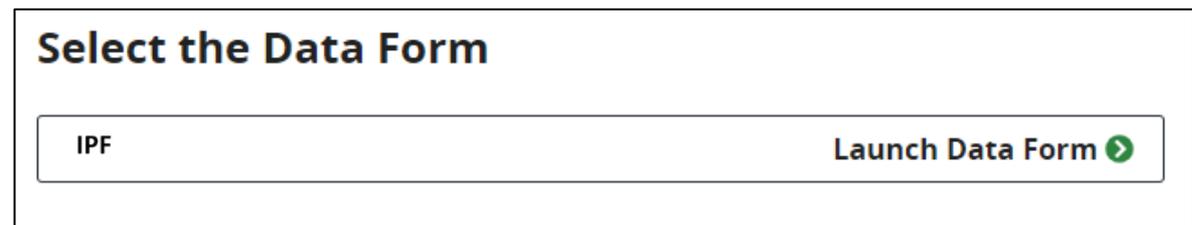

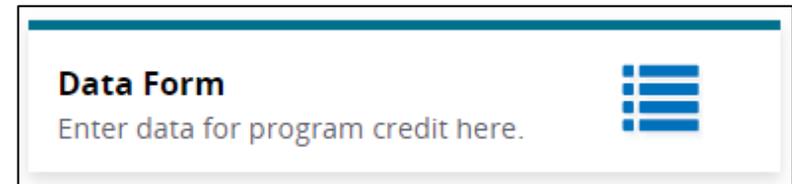

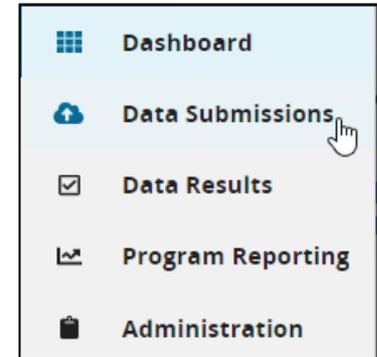

Criteria to Identify Questionable FY 2023 Non-Measure Data

- The total number of discharges by Age Strata is greater than the Total Annual Discharges.
- The total number of discharges by Diagnostic Categories is greater than the Total Annual Discharges.
- The total number of discharges by Payer category is greater than the Total Annual Discharges.

Key #5: Enter Data and Verify Accuracy

Access the IPFQR Program Simple Data Entry Form

1. To enter a facility's measure data, access and log into the HQR system:
<https://hqr.cms.gov/hqrng/login>.
2. Hover your mouse on the left side of the screen to expand the menu options. Then, select Data Submissions.
3. Click the Data Form button.
4. Under the Select the Data Form sub-header, select IPF. Then, click Launch Data Form.

Key #5: Enter Data and Verify Accuracy

Access the IPFQR Program Simple Data Entry Form

This is an example of numerator values that exceed the denominator value.

You must replace the values in all fields outlined in red with the correct values and click the Save & Return button in order to save your entry.

SUB-3 Numerator

* Number of patients who received or refused at discharge a prescription for medication for treatment of alcohol or drug use disorder OR received or refused a referral for addictions treatment.

Denominator must be equal to or greater than the Numerator

SUB-3a Numerator

* Number of patients who received at discharge a prescription for medication for treatment of alcohol or drug use disorder OR a referral for addictions treatment.

Denominator must be equal to or greater than the Numerator

Denominator

* Number of hospitalized patients 18 years of age and older who screened positive for unhealthy alcohol use or an alcohol use disorder (alcohol abuse or alcohol dependence).

Denominator must be equal to or greater than the Numerator

Key #5: Enter Data and Verify Accuracy

Access the IPFQR Program Simple Data Entry Form

This is an example of the subset measure numerator value exceeding the primary measure numerator value.

You must replace the values in all fields outlined in red with the correct values and click the Save & Return button in order to save your entry.

Transition Record with Specified Elements Numerator

* Number of patients, regardless of age, discharged from your facility to home or other site of care, or their caregiver(s), who received a transition record (and with whom a review of all included information was documented) at the time of discharge.

Timely Transmission Numerator must be less than or equal to Transition Record Numerator

Timely Transmission Numerator

* Number of patients, regardless of age, discharged from an inpatient facility to home or any other site of care for whom a transition record was transmitted to the facility or primary physician or other health care professional designated for follow-up care within 24 hours of discharge.

Timely Transmission Numerator must be less than or equal to Transition Record Numerator

Denominator

* Number of patients, regardless of age, discharged from your facility to home or other site of care, or their caregiver(s).

Non-Measure Data

Non-Measure Data/Population Counts

Total Annual Discharges

* Please enter an aggregate, yearly count of your facility's annual discharges.

Ex. 0,1,2,3,...,99999

Age Strata

Please enter aggregate, yearly counts of your facility's annual discharges stratified by the following age groups:

i The sum of these values must equal the number of Total Annual Discharges, entered above, in order for your submission to be successful.

* Children (1 - 12 years)

Ex. 0,1,2,3,...,99999

* Adolescent (13 - 17 years)

Ex. 0,1,2,3,...,99999

* Adult (18 - 64 years)

Ex. 0,1,2,3,...,99999

* Older Adult (65 and over)

Ex. 0,1,2,3,...,99999

Diagnostic Categories

Please enter aggregate, yearly counts of your facility's annual discharges stratified by the following diagnostic categories:

i The sum of these values must equal the number of Total Annual Discharges, entered above, in order for your submission to be successful.

* Anxiety disorders (651)

Ex. 0,1,2,3,...,99999

* Delirium, dementia, and amnestic and other cognitive disorders (653)

Ex. 0,1,2,3,...,99999

* Mood disorders (657)

Ex. 0,1,2,3,...,99999

* Schizophrenia and other psychotic disorders (659)

Ex. 0,1,2,3,...,99999

* Substance-related disorders (661)

Ex. 0,1,2,3,...,99999

* Other diagnosis - Not included in one of the above categories

Denominator

* Inpatients age 6 months and older discharged during the months of October, November, December, January, February or March:

Ex. 0,1,2,3,...,99999

Key #6: Review Submission Before Signing the DACA Form

- Review **all** measure and non-measure data for accuracy and completeness **before and after** it is submitted.
 - This must be done **prior to** completion and submission of the DACA.
- Submit and/or edit previously submitted measure data and complete/submit the DACA **prior to** the submission deadline of **August 15, 2022**.
- If using a third-party vendor:
 - Ensure the vendor has been previously authorized.
 - Complete the online DACA form prior to the **August 15, 2022**, deadline.
 - The **facility is responsible** for completion of the DACA form, not the vendor.

Key #6: Review Submission Before Signing the DACA Form

- The DACA is the only opportunity for IPFs to attest to the accuracy and completeness of the data submitted to CMS.
 - Data will be publicly displayed at a later date.
- IPFs **cannot** enter or edit data **after the submission deadline.**
 - It is **highly recommended** that IPFs enter the data as far in advance of the **August 15, 2022**, deadline as possible.

Key #6: Review Submission Before Signing the DACA Form

Option 1: Access from the data entry overview page

When a representative of the IPF is logged into the HQR system immediately after all data are successfully submitted, a blue banner indicating that the DACA must be reviewed and signed immediately above the green banner indicating successful submission of the data. Click the Sign button to view the DACA.

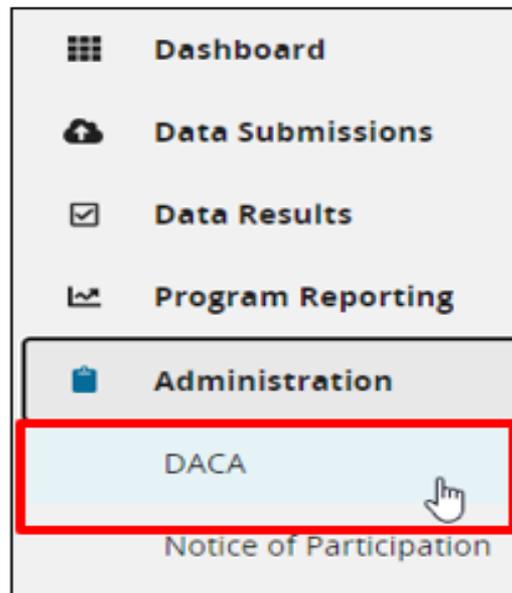

i **IPFQR DACA - Signature Needed by Provider**
Provider must sign annual acknowledgement of submission accuracy. [Sign](#)

✓ **IPFQR Measures Successfully Submitted**
IPF measures for ABCDE Community Hospital have been successfully submitted.

Key #6: Review Submission Before Signing the DACA Form

Option 2: Access the DACA form from the main menu.

After logging in to the HQR system, hover your mouse on the left side of the screen to expand the menu options. Click on Administration. Then, click DACA.

Key #6: Review Submission Before Signing the DACA Form

To complete the DACA:

1. Enter your job title in the empty field below the word Position.
2. Click the button next to the statement that reads, “I confirm that the information I have submitted is accurate and complete to the best of my knowledge.”
3. Click the Sign button at the bottom of the page.

The screenshot shows the CMS.gov Hospital Quality Reporting interface for ABCDE Community Hospital (CCN: #####). The page title is "Data Accuracy and Completeness Acknowledgement (DACA)". Below the title, there is a sub-header for "Data Accuracy and Completeness Acknowledgement (DACA)" with a brief explanation: "For Hospital Inpatient Quality Reporting participants, the Structural Measures question(s), their applicable child question(s), and the Data Acknowledgement are required in order to fulfill the Annual Payment Update (APU) requirement." There are three tabs: IQR, IPFQR (selected), and PCHQR. The main content area contains the following text: "Data Accuracy and Completeness Acknowledgement (DACA) I acknowledge that to the best of my ability all of the information reported for this Inpatient Psychiatric Facility (IPF) Quality Reporting (IPFQR) Program, as required for the Fiscal Year 2023 IPFQR Program requirements, is accurate and complete. This information includes the following: * Aggregated data for all required measures * Non-measure data * Current Notice of Participation and * Active QualityNet Security Administrator I understand that this acknowledgement covers all IPFQR information reported by this inpatient psychiatric hospital or psychiatric unit (and any data vendor(s) acting as agents on behalf of this IPF) to CMS and its contractors, for the FY2023 payment determination year. To the best of my knowledge, this information was collected in accordance with all applicable requirements. I understand that this information is used as the basis for the public reporting of quality of care. I understand that this acknowledgement is required for purposes of meeting any Fiscal Year 2023 IPFQR Program requirements." Below this text is a "Position" field with a placeholder "Ex. Administrator, Director, etc." and a checkbox labeled "I confirm that the information I have submitted is accurate and complete, to the best of my knowledge." At the bottom, there are "Sign" and "Cancel" buttons.

Key #6: Review Submission Before Signing the DACA Form

Data Accuracy and Completeness Acknowledgement (DACA)

The DACA is an annual requirement for providers participating in the Hospital IQR, IPFQR, and PCHQR Programs to electronically acknowledge that the data submitted to these programs by or on behalf of the providers are accurate and complete to the best of their knowledge.

IPFQR

Data Accuracy and Completeness Acknowledgement (DACA)

I acknowledge that to the best of my ability all of the information reported for this Inpatient Psychiatric Facility (IPF) Quality Reporting (IPFQR) Program, as required for the Fiscal Year 2023 IPFQR Program requirements, is accurate and complete. This information includes the following:

- Aggregated data for all required measures
- Non-measure data
- Current Notice of Participation and
- Active QualityNet Security Administrator

I understand that this acknowledgement covers all IPFQR information reported by this inpatient psychiatric hospital or psychiatric unit (and any data vendor(s) acting as agents on behalf of this IPF) to CMS and its contractors, for the FY2023 payment determination year. To the best of my knowledge, this information was collected in accordance with all applicable requirements. I understand that this information is used as the basis for the public reporting of quality of care.

I understand that this acknowledgement is required for purposes of meeting any Fiscal Year 2023 IPFQR Program requirements.

Success: Congratulations! You have successfully acknowledged and signed DACA for IPFQR for this fiscal year.

Date

7/1/2022

Fiscal Year

2023

Submission Period:

07/01/2022 – 08/15/2022

With Respect to Reporting Period:

01/01/2021 – 12/31/2021

Last Updated:

7/1/2022 10:22 AM

- Once the DACA is submitted successfully, a confirmation message will appear above the signature line.
- The option to export the signed DACA as a PDF form is at the bottom of the page.

What if I edit data after signing the DACA?

If you edit and re-save any measure or non-measure data on the data entry pages, then return to the DACA. Click the Re-Sign button at the bottom of the page to sign the DACA form again to confirm your approval of the edits made. If you do not re-sign the DACA after making changes, your DACA submission will be incomplete.

Key #7: Re-Check All FY 2023 IPFQR Program Requirements

Follow these steps to check whether your facility has met all FY 2023 IPFQR Program requirements prior to the August 15, 2022, deadline.

1. Check NOP.

- Go to the HQR My Tasks page to ensure the IPFQR Program NOP status is “Participating”. Refer to instructions on slides 21–23 of this presentation.

2. Check accuracy of data.

- Review the exported PDF data report against facility data.

3. Check DACA.

- Ensure that DACA status is complete in the HQR system based on instructions provided on the previous slide.

Review of Keys to Successful Reporting

- Access and log in to the HQR system
- Have two active SOs
- Manage the NOP
- Prepare and verify accuracy of data prior to submitting
- Enter and verify accuracy of data
- Review submission before signing the DACA form
- Re-check all FY 2023 IPFQR Program Requirements

Note: Confirm all IPFQR Program data reporting requirements have been met before completing the DACA. IPFs cannot change data nor complete the DACA form after the data-submission deadline.

Important Tip

In the event of staff turnover, remember to use the [Hospital Contact Change Form](#) to inform the Inpatient VIQR Support Contractor for the IPFQR Program about key personnel changes. (This includes the CEO and quality reporting contact).

IPFQR Program: Keys to Successful FY 2023 Reporting

Helpful Resources

Helpful Resources: Data Accuracy Tools

Criteria to Identify Questionable Measure and Non-Measure Data

Criteria to Identify Questionable FY 2023 Measure and Non-Measure Data for the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program

The following criteria are provided to help IPFs identify measure data that may have been entered in error, may be invalid, or may exceed normal parameters by the August 15, 2022, deadline for fiscal year (FY) 2023 payment determination. If you find that your data meet one or more of the criteria listed below, CMS strongly recommends that you check the data for accuracy.

The criteria for identifying questionable HBIPS-2 and HBIPS-3 measure data include the following:

- Denominator values that are different from one another (i.e., not equal to the number of psychiatric inpatient days)
- Denominator values that are less than the Total Annual Discharges reported for the IPF
- Denominator values that are accidentally multiplied by 24, resulting in a value that represents patient-hours instead of patient-days
- Denominator values that are significantly different from previous submissions
- Denominator values that are mistakenly reported as the number of days in a calendar year
- Denominator values that exceed 365 times the total number of beds at the IPF

Note: The HBIPS-2 measure rate should not equal or exceed six (6) hours per 1,000 patient hours of care and the HBIPS-3 measure rate should not equal or exceed five (5) hours per 1,000 patient hours of care.

Criteria for the HBIPS-5, SUB-2-2a, SUB-3-3a, TOB-2-2a, TOB-3-3a, IMM-2, Transition Record with Specified Elements Received by Discharged Patients, Timely Transmission of Transition Record, and Screening for Metabolic Disorders measures are:

- The denominator is greater than the Total Annual Discharges.
- The numerator exceeds the denominator.

In the SUB-2, SUB-3, TOB-2, TOB-3, and Transition Record with Specified Elements Received by Discharged Patients measures, is the subset measure numerator greater than the primary measure numerator? For example:

- Check if SUB-2a is greater than SUB-2.
- Check if TOB-3a is greater than TOB-2.
- Check if Timely Transmission of Transition Record is greater than Transition Record with Specified Elements Received by Discharged Patients.

Two additional criteria for the Screening for Metabolic Disorders measure are:

- The absence of numerator and denominator Screening for Metabolic Disorders measure values for IPFs that report values for the HBIPS-5 measure.
- The Screening for Metabolic Disorders measure denominator value is smaller than the denominator value for the HBIPS-5 measure.

Criteria for the non-measure data are:

- The total number of discharges by Age Strata is greater than the Total Annual Discharges.
- The total number of discharges by Diagnostic category is greater than the Total Annual Discharges.
- The total number of discharges by Payer category is greater than the Total Annual Discharges.

If you have questions regarding the criteria described above as it pertains to your facility's data in the Hospital Quality Reporting System, send an email to IPFQualityReporting@hsag.com with "Measure Accuracy Question" in the subject line.

Data Submission Checklist

Due	Task	✓
On or before 08/16/2021	STEP 1: Enter measure and non-measure data. A. Log in to the Hospital Quality Reporting (HQR) system. B. Hover your mouse on the left side of the screen to expand the menu options. Select Data Submissions . C. Click the Data Form button. D. Under the Select the Data Form sub-header, select IPF . Then, click Launch Data Form . E. A page listing all non-measure and measure data entry pages will appear. Click the Start Measure button to begin the data entry process. F. Enter data values in the data entry fields for each of the following FY 2022 submission requirements*: <ul style="list-style-type: none"> HBIPS-2-3 HBIPS-5 SUB-2-2a SUB-3-3a TOB-2-2a TOB-3-3a Once each field is populated, click the green Save & Return button at the bottom. *The ICE policy outlined in the COVID-19 Issues through Q1 2020 through Q2 2020 data from reporting during the summer 2021 submission period. This policy is applicable to all measures except IMM-2 in the upcoming submission period because the IMM-2 reporting period is October 1, 2020 through March 31, 2021.	<input type="checkbox"/>
On or before 08/16/2021	STEP 2: Submit the FY 2022 DACA. A. Access the Data Accuracy and Completeness Acknowledgement (DACA) form by logging in to the HQR system. B. Hover your mouse on the left side of the screen to expand the menu options and click on Data Submissions . C. Select the Data Entry button. D. At the top of the Data Submissions page, a blue banner indicates the DACA needs to be signed. Review the data for accuracy and completeness and then click the Sign button to view the DACA. E. Enter your job title in the field below "Position" and click the button attesting to the accuracy and completeness of the data. F. Click the Sign button at the bottom of the page.	<input type="checkbox"/>
On or before 08/16/2021	STEP 3: Ensure IPFQR Program administrative requirements are met. A. Ensure the IPF's Security Administrator/Official (SA/O) logs into the Hospital Quality Reporting system during the summer 2021 data submission period. If SA/O status has lapsed, contact the QualityNet Help Desk at (866) 288-8912. B. Access the IPFQR Program Notice of Participation in the Hospital Quality Reporting system under Administration to ensure the status is "Participating."	<input type="checkbox"/>

NOTE: If any edits are made to previously submitted data, then you must re-sign and submit the DACA to acknowledge that those changes are accurate and complete.

* For guidance on IPFQR Program requirements and data verification processes, refer to the IPFQR Program Manual, Version 6.1 on the [QualityNet IPFQR Program Manual](#) web page.
* For other assistance, contact the IPFQR Program Support Contractor via the [QualityNet O&A Tool](#), IPFQualityReporting@hsag.com, email, or phone at (866) 800-8765 or (844) 472-4477.

Verification Checklist

Due	Task	✓
On or before 08/16/2021	STEP 1: Check the Simple Data Entry (SDE) page to verify submission of FY 2022 IPFQR Program Data. A. Log in to the Hospital Quality Reporting (HQR) system. B. Hover your mouse on the left side of the screen to expand the menu options. Select Data Submissions . C. Click the Data Form button. D. Under the Select the Data Form sub-header, select IPF . Click Launch Data Form . E. A page listing all non-measure and measure data entry pages will appear. If you see the following images at the top of the page, then the data entry process is complete: <ul style="list-style-type: none"> A green checkmark and the word "Complete" will appear next to the name of each data entry page. To view the submitted data in a PDF file, click the Export Data button. F. If any edits are needed: <ul style="list-style-type: none"> Click the Edit Measure link next to the data entry page and revise the data. Click the green Save & Return button on the main SDE page. Scroll to the bottom of the page. Click the blue I'm ready to submit button. 	<input type="checkbox"/>
On or before 08/16/2021	STEP 2: Confirm submission of FY 2022 Data Accuracy and Completeness Acknowledgement (DACA). A. Access the DACA form by logging in to the HQR system. B. Hover your mouse on the left side of the screen to expand the menu options. Click Administration . Then, click DACA to view the DACA for your facility.	<input type="checkbox"/>
On or before 08/16/2021	STEP 3: Check Completion of IPFQR Program administrative requirements. A. Confirm your IPF's Security Administrator/Official (SA/O) account is active. If SA/O status has lapsed, contact the QualityNet Help Desk at (866) 288-8912. B. Review the IPFQR Program Notice of Participation in the HQR system under Administration to ensure the status is "Participating."	<input type="checkbox"/>

NOTE: If any edits are made to previously submitted data, then you must re-sign and submit the DACA to acknowledge that those changes are accurate and complete.

* For guidance on IPFQR Program requirements and data verification processes, refer to the IPFQR Program Manual, Version 6.1 on the [QualityNet IPFQR Program Manual](#) web page.
