

Screening for Metabolic Disorders
Paper Tool for Screening for Metabolic Disorders Measure
01-01-2017 (Q1 2017) through 12-31-2017 (Q4 2017)

This measure abstraction paper tool is provided as an optional, informal mechanism to aid psychiatric facilities and hospital psychiatric units in the collection of the measures for the Centers for Medicare and Medicaid Services (CMS) Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program. The tool is designed to collect patient-specific data; however, once abstracted, the data will need to be compiled and reported to CMS in aggregate. It should be noted that skip logic is not contained within the measure abstraction paper tool. If there are any questions or concerns regarding use of this measure abstraction paper tool, please contact the IPFQR Program Support Contractor at IPFQualityReporting@hcqis.org.

Patient Identifier: _____

Discharge Date: _____/_____/_____

Unable to Determine (UTD) is not allowable entry.

Individual Medical Record Data Collection Tool

1. Calculate length of stay. *Length of Stay*, in days, is equal to the *Discharge Date* minus the *Admission Date*: _____

- a. If *Length of Stay* is equal to or greater than 365 days or equal to or less than 3 days, the case will be excluded (Measure Category Assignment of “B”). Stop abstracting. The case will not be included in the numerator or denominator.
- b. If *Length of Stay* is less than 365 days and greater than 3 days, proceed to *Discharge Disposition*.

2. What is the patient’s *Discharge Disposition*?

- a. If *Discharge Disposition* equals 6, the case will be excluded (Measure Category Assignment of “B”). Stop abstracting. The case will not be included in the numerator or denominator.
- b. If *Discharge Disposition* equals 1, 2, 3, 4, 5, 7, or 8, proceed to *Number of Antipsychotic Medications Prescribed at Discharge*.

3. What is the *Number of Antipsychotic Medications Prescribed at Discharge*?

- a. If *Number of Antipsychotic Medications Prescribed at Discharge* is equal to zero, the case will be excluded (Measure Category Assignment of “B”). Stop abstracting. The case will not be included in the numerator or denominator.
- b. If *Number of Antipsychotic Medications Prescribed at Discharge* is equal to or greater than 1, or unable to determine, proceed to *Body Mass Index (BMI)*.

Screening for Metabolic Disorders
Paper Tool for Screening for Metabolic Disorders Measure
01-01-2017 (Q1 2017) through 12-31-2017 (Q4 2017)

4. **Was there a numerical value of *Body Mass Index (BMI)* documented in the patient's medical record during this stay or at any time during the 12 months prior to discharge?**
 - a. If *BMI* equals No, proceed to *Reason for Incomplete Metabolic Screening*.
 - b. If *BMI* equals Yes, proceed to *Blood Pressure*.

5. **Was there a *Blood Pressure* (numerical systolic and diastolic values in mmHg) documented in the patient's medical record during this stay or at any time during the 12 months prior to discharge?**
 - a. If *Blood Pressure* equals No, proceed to *Reason for Incomplete Metabolic Screening*.
 - b. If *Blood Pressure* equals Yes, proceed to *Blood Glucose*.

6. **Is there documentation of a numerical value of *Blood Glucose* in the patient's medical record during this stay or at any time during the 12 months prior to discharge?**
 - a. If *Blood Glucose* equals No, proceed to *Reason for Incomplete Metabolic Screening*.
 - b. If *Blood Glucose* equals Yes, proceed to *Lipid Panel*.

7. **Is there documentation of numerical values of all four of the components of a *Lipid Panel* (total cholesterol, triglycerides, high-density lipoprotein cholesterol [HDL-C], and low-density lipoprotein cholesterol [LDL-C]) in the patient's medical record during this stay or at any time during the 12 months prior to discharge?**
 - a. If *Lipid Panel* equals No, proceed to *Reason for Incomplete Metabolic Screening*.
 - b. If *Lipid Panel* equals Yes, the case will be included (Measure Category Assignment of "E"). Add 1 to BOTH the numerator and denominator count. Stop abstracting.

8. **Is there a *Reason for Incomplete Metabolic Screening*?**
 - a. If *Reason for Incomplete Metabolic Screening* equals No, the case will be included (Measure Category Assignment of "D"). Add 1 to the denominator and 0 to the numerator. Stop abstracting.
 - b. If *Reason for Incomplete Metabolic Screening* equals Yes, the case will be excluded (Measure Category Assignment of "B"). Stop abstracting. The case will not be included in the numerator or denominator.

Screening for Metabolic Disorders
Paper Tool for Screening for Metabolic Disorders Measure
01-01-2017 (Q1 2017) through 12-31-2017 (Q4 2017)

Determine whether or not patient is included in the numerator and denominator count.

Patient Level

_____ Numerator

_____ Denominator

The numerator and denominator for each medical record will be aggregated for submission to *QualityNet*.
